Ah my wife. This book was written with her in mind. I always tease that she sees things through "rose-colored glasses". She sees the best in people, situations, and most importantly, me. She puts everyone else first ... ahead of her ... in every way possible. She is what 'love' should be for all of us but most are too selfish to achieve.

Thanks Lil' Duffer. This one's for you.

It's another beautiful day at the Bakers' small little house on the little street in a nice little neighborhood. And the ant colony under the Bakers' little brick patio is thriving.

Prince Antrew, the leader of the Flyer Ants and the son of Queen Antasia, is out for his daily flight, checking on everything.

The reviews are in for **The Sultan!**

Insect Digest hails *"A slug as the protagonist? Pure genius!"*
Bug Weekly claims *"No one ... and I mean no one, captures the emotions of the moment like this remarkable duo!"*
Ant's Life Magazine warns *"Keep a tissue nearby! If you aren't misty by book's end, you're not an insect!"*

The third in **The Baker's Patio** series, the Prince takes a stroll with a visitor and learns a lesson about life's little pleasures.

After 30 years as an IT Consultant, Kinscherf, with encouragement from his family, leveraged his method of play with his grandchildren to create something for all to enjoy. Brogaard's love for creating art for children plus her versatility created a perfect match for Kinscherf.
